

## **Southeast Case Research Journal** **Format Guidelines**

Please read the guidelines completely before you begin. It is important they be followed.

---

**THIS IS THE TITLE OF YOUR PAPER – IT SHOULD BE IN ALL CAPS – TIME NEW ROMAN (TNR) BOLD – 16 FONT - Left Aligned**

**Name of Author 1 – this should be TNR - 14 font –left aligned  
Affiliation**

**Name of Author 2 (etc.)**

**Affiliation – if 2 or more authors are of the same affiliation – list the authors and then list only the pertinent affiliation – after all authors and affiliations are listed, skip a line and insert a line (as follows).**

---

*TNR 12 Italics*

*You should begin the abstract section by skipping a line below the above drawn line. The Abstract should be in TNR 12 and italicized. Both the abstract and the body of the paper should be justified and single spaced. The Abstract should give brief description of the case and contain enough information to give the reader the basic premise of the situation. Abstracts should be no longer than a good paragraph or two. The abstract should not give the students any indication of potential recommendations or solutions. After completing the abstract, skip a line and insert a line.*

---

### **INTRODUCTION 12 TNR BOLD**

After skipping a line begin with your heading, whatever you want to call it (we used introduction here just because). Headings should be **BOLD** all **IN ALL CAPS**. Don't skip a line after headings. Always justify the body of the paper. Do not indent new paragraphs.

### **NEW PARAGRAPH**

To begin a new paragraph, simply skip a line and continue with your writing. Within the body of the paper, fonts should be Times New Roman 12. You may bold and underline within the body of the paper but please use discretion here. Do not indent for new paragraph.
